

## **EXPLANATION (CHANGE) OF TENDER DOCUMENTATION**

within the meaning of Section 98 (5) of the Act No 134/2016, on public procurement, as amended  
(hereinafter the “**Act**”)

Name of public contract:

### **DELIVERY OF STATIONARY CAMERA SYSTEMS AND PROVISION OF RELATED SERVICES**

Above-the-threshold public delivery contract,  
open procedure (hereinafter the “**Public Contract**”)

Reference number: VZ\_2020\_A46

The contracting authority received objections from one of the suppliers against its procedure in the procurement procedure, in which the contracting authority was asked to extend the deadline for submission of tenders. According to the objections received, there are some potential suppliers who have only decided to submit tenders on the basis of additionally published explanations of the tender documentation, but need more time to prepare their tenders.

The contracting authority considered the request and decided to grant it. The contracting authority is interested in obtaining as many competitive bids as possible. At the same time, the contracting authority verified that even after this extension of the deadline for submission of tenders, it is quite realistic to complete the performance of the subject of the public contract within the necessary deadlines.

In order to provide all suppliers with the maximum possible time space for processing tenders, the contracting authority extends the deadline for submission of tenders until 30 June 2020 to 12:00.

The tenders will be opened on 30 June 2020 from 12:00 noon.

Prague, 26 May 2020
